

Note: The word abracadabra is similar to seduce in Japanese, so Noah mixes them up.

Q&A Corner

■ Aren't you endorsing Kyuss a bit too much?

Well I wouldn't say "endorsing", but he's a semi-lead actor so he'll be showing up more often, I think

■ 表紙のドット絵がかわいい

ありがとうございます！あれはドット絵風であってドット打ってるわけではないです。5時間くらい悩んで普通にカラー描くのと同じくらいかな。会社勤めのグラフィッカーだった頃、ああいうテイストの絵を仕事でやったりしました。LVIは二人の年齢です。

ちなみにステータスのキャラのドットは、元上司が打ってくれました。

■ Please show Gor-Gor's more extensively

Gor-Gor's unexpectedly rather popular, huh? I'll have him in the main chapters of Volume 4. Maybe

■ If Rose had hit on him quickly, she could've dated Astra, right?

Romance isn't considered good within the workplace at the Chivalric Order, so even if she did like him, Rose probably wouldn't have said so.

■ 感動の感の字間違ってる

夜中に寝顔判別としながら書いてたんでしょうね。はずかしい直してもらいます。

■ What's the inside of the summer uniform like?

The version I used
for his face reveal scene.

There were too many areas where
his face was visible, so I took advantage of it.
Astra's chin has the clearest outlines,
but is different from Kyuss'

(or at least it should be).
